

Denton County 4-H Shooting Sports Program

Denton County has a couple of newly trained Shooting Sports leaders. The initial goal for this program is to get kids interested in rifle shooting overall. For the younger, there is BB and air rifle to start. If they do not have a fire arm, that is fine. We have access to some that they can start with, so new members/beginners do not have to worry about cash layout upfront.

During these economic times, this is an important consideration. Once we get them exposed to all the opportunities that 4-H rifle/shooting sports has to offer, the sky is the limit and the club will grow and expand to support the membership.

The below schedule is a list of events that our Shooting Sports group has been asked to assist with. This is a FANTASTIC opportunity that the NTSA has opened up for us. They have offered to support the 4-H club with training, range time, decades worth of experience and they have said that they will bring their own .22 cal rifles for the kids to work with. If you are interested, please get in touch with me so you can get trained and on the list to support and shoot.
