

Free Meal! I'll bet the beef is good.

It had better be. The Texas Beef Quality Producer program is all about the food.

The TBQP program was developed to assist cattlemen in producing a safer, more wholesome food product. Better beef management practices help deliver a better meal for the all-important consumer. Get ready to participate in an upcoming Texas Beef Quality Producer training near you.

The TBQP Program is built upon a proven system of Best Management Practices. The full session offers an all-day training with, of course, a free beef meal included. Participation is not mandatory but you should get your seat reserved now because producers are finding the benefits go well beyond the ranch gate... through the sale

barn, to the feedyard and most importantly, all the way to the consumer.

Our nation's Beef Quality Assurance (BQA) programs are vital. They help cattlemen give the consumer a wholesome eating experience – even with market cows and bulls. And a good eating experience with beef brings the consumer back for more.

Call or go online to RSVP for your seat and free meal:

Training Levels

Each Training session is divided into two levels for your convenience.

Level I - Covers Beef Quality Assurance, industry updates, record keeping, environmental stewardship and proper management practices associated with genetic selection, cattle handling, culling, vaccination, drug use and more.

Level II - Presents a detailed explanation of the necessary steps and paperwork required to become a CERTIFIED Texas Beef Quality Producer.

▶ Can't make the next training? Call or go online and request a CD to train from home.
